PRESIDENT'S MESSAGE

Dear Fellow Members:

This has been a year that has been eventful in the World as well as our Association. At our last meeting, if someone asked where is Kuwait, most of us would guess that it was one of those Arab states in the Middle East. Now we know where it is and a lot more. Some of the reservist from the 63d ARCOM have been there or are still there. We saw the gathering storm of Desert Shield and the thankfully short hostilities of Desert Storm. Probably most of were glued to our TV sets when the fighting began and tried to armchair general the war with General Schwartzkopf. I would like to extend my thank you and well done to all those who served or supported those who served in the Persian Gulf War. We need to make sure that they know how much we appreciate their sacrifice.

The Board of Governors has been following the issues that affect the reserve components and our national interest. We have taken a firm stand on a number of issues which are covered in detail elsewhere in your Annual.

Your Association is alive and well. We have tried to blend the serious business of the National Interest Committee with with the comraderie and fun of our annual get together where we renew old and lasting friendships. We have had some hard working leaders on your Board of Governors this last year whose efforts have made this year a success. I would like to thank them all for their outstanding service to the Board and to you. I want to express my pleasure of having the opportunity to serve you and to thank you for your support.

National Interest Committee

ANNUAL REPORT COMMITTEE FOR THE NATIONAL INTEREST

Three items of national interest occupied the attention and efforts of this committee during the past year:

1. The annual battle to obtain a Cost-of-Living allowance for retired military, and retired federal civil service personnel. Your association has joined a coalition of organizations, sponsored by The Retired Officers Association and the Association of Retired Federal Employees whose goal is to see legislature passed which will eliminate the annual efforts by the budget "experts" to butcher or eliminate the COLA. Members of the retired community; military, federal civil service, and private sector, have been the targets of reduced benefits, both COLA and Medicare for too long. This matter has a high priority on our agenda.

2. Maintaining vigilance and holding in abeyance our action on protecting the Flag of the United States from abuse and desecration. This issue is somewhat dormant now, thus we will express our feelings relative to protecting the flag at the appropriate time.

3. Our reaction to the resolution adopted by the Mayor and Board of the City and County of San Francisco to declare the city a sanctuary for draft dodgers (we do not have a military draft in action now), and AWOL military personnel, and persons evading any instructions to report for duty for Desert Shield or Desert Storm. A copy of our resolution will be found elsewhere in this publication.

Had it not been for one of our members we may never have learned of the actions taken by the City and County Government of San Francisco. Nothing was reported or editorialized by the liberal media in this area that we have knowledge of. Therefore, this committee would appreciate hearing from our association members of any item of interest affecting the national defense and security of the United States which is confined to or unique to a given locality. I can promise such reports will be given careful consideration by this committee and the Board of Governors for appropriate action. Please send your reports to the Secretary, 1404 Westwood, Santa Ana, CA 92706.

RESOLUTION OF THE 63d INFANTRY DIVISION ASSOCIATION (USAR)

Re: The City and County of San Francisco

WHEREAS: The Board of Supervisors of the City and County of San Francisco, California, on January 14, 1991 did approve and adopt a resolution which declared the City and County of San Francisco a sanctuary for anyone who elects not to accept assignment to duty in Desert Shield or Desert Storm, and,

WHEREAS: Said resolution prohibits "the City of San Francisco including its police force, from spending any money to assist the United States Government in any effort to locate and prosecute military personnel who are absent without leave, unregistered citizens, or draft dodgers", and,

WHEREAS: The City and County of San Francisco has historically depended heavily upon federal funds derived from defense industry and military bases in and around San Francisco to support the local economy, and,

WHEREAS: By its action, the Board of Supervisors of the City and County of San Francisco has shown contempt and scorn for the laws of the United States and the noble purposes of the military forces of the United States,

NOW THEREFORE BE IT RESOLVED that the 63d Infantry Division Association (USAR) strongly urges the Department of Defense to take action as expeditiously as possible on the following items:

1. Relocate all United States military activities to other acceptable bases or facilities away from the City and County of San Francisco.
2. Transfer all federally owned property within the boundaries of the Presidio of San Francisco, Fort Scott, Fort Funston, and Fort Mason to the Department of Interior, said properties to be designated permanently as federal park land under the jurisdiction of the National Park Service.
3. Suspend all contract negotiations with firms and/or suppliers of goods and services located within the City and County of San Francisco who are also suppliers of goods and services to the City and County of San Francisco until such time as said suppliers divorce themselves from business relationships with the City and County of San Francisco.

BE IT FURTHER RESOLVED that the 63d Infantry Division Association (USAR), an organization of veterans who served with pride and loyalty in the military forces of the United States of America, strongly urges other veteran organizations to adopt similar resolutions and to refrain from meeting or convening in the City and County of San Francisco.

Unanimously adapted 20 March 1991.

Certificates of Appreciation Presented

Two Certificates of Appreciation were formally presented by your association this year. The one that went to the American War Mothers in Idaho was presented to this small chapter of their organization at their annual picnic. Five guests were present including the State President who took the Flag Day idea from the Lemhi County Chapter to all of the other chapters, encouraging them to do the same. It was also sent on to their National Headquarters with a sample of their presentation folder and a copy of our certificate. The photo and publicity from their local paper tells the story.

The second presentation was made in recognition of "The recently announced policy that has declared a moratorium on all payments on principal and interest on all mortgages, automobile loans, and outstanding credit card balances applicable to those members of the Reserve Forces of the United States who are called to extended Active Duty by reason of the current crisis in the Middle East, thus relieving those reservists of possible undue financial hardships during their tour of Active Duty in the Armed Forces of the United States. The 63d Infantry Division Association (USAR) commends Wells Fargo Bank NB for this exceptional expression of support of the Reserve Forces of our country in keeping with the Highest Patriotic Traditions of the United States of America.

SHERIFF DAVE CALL, reads a commendation to the local American War Mothers as its president, Vern Santos holds a plaque from the 63rd Infantry Division Association, USAR, during the annual War Mother's picnic, Aug. 16. Other members in the picture from left are Bessie Cannon, Elsa Chandler, Evelyn Schneider, Eileen Cleverly and Birdine Risbon.

War Mothers commended

The annual American War Mothers picnic was held Aug. 16, at the home of Birdine Risbon. Fried chicken was the entree, with members adding to the feast with various potluck dishes.

Five guests attending included Idaho State President of the American War Mothers, Emma Jean Cosgrove and her husband, Kenneth, from Blackfoot; Viola Parr, Mrs. Risbon's sister, visiting here from Redlands, Calif.; Mae Mulkey and Opal Roberts.

Members in attendance were Lemhi Chapter president, Vern Santos; Inez Marshall, Mr. and Mrs. Earl Cleverly, Mr. and Mrs. Vern Chandler, Mildred Parker, Bessie Cannon, Jessie Engquist, Evelyn Schneider and Mrs. Risbon.

Near the end of the meal, the Lemhi County Sheriff's car pulled into the driveway and Sheriff Dave Call stepped out bearing an official document to be served on the War Mothers, through president, Vern Santos.

Fears were allayed as the surprise citation turned out to be a commendation and Certificate of Appreciation plaque from the 63rd Infantry Division Association, United States Army Reserve.

Tom Chandler, son of Vern and Elsa Chandler, is the retired colonel of the division who recommended the group for the citation.

The commendation read "Our association deeply appreciates

organizations like the one in Salmon, that provides educational and patriotic programs that salute the Flag of our Country and that encourages all others to do the same. We hope that someday, Flag Day programs will become a part of every town, city and hamlet in the nation and some time set aside to make sure Old Glory will always fly over a free people, protected and respected, certainly not desecrated or even used as a consideration for these abominable acts," said Col. Charles J. McCleery, spokesman for the governing board of the organization.

It went on to say "We hope everyone will take the time to thank these great ladies and those who helped them for what they have done in the past two years and that their guidance and wisdom will be a part of a perpetual practice and even expanded each year. The members of the 63rd "Blood and Fire" Division Association salute you and again say thanks."

Each year on Flag Day, June 14, the local War Mothers hold an open house for Veterans, their families and guests.

Outstanding Speaker. . Outstanding Program. .

BG WESLEY K. CLARK COMMANDER NTC FORT IRWIN

General Clark was born in Little Rock, Arkansas in December 1944. He was commissioned in Armor from the United States Military Academy at West Point in 1966 and then attended Oxford University, England as a Rhodes Scholar. His military schooling includes the National War College, the Command and General Staff College, the Armor Advanced and Basic Courses and Ranger and Airborne Schools.

He has held a wide variety of important command and staff positions of which the most recent was as the Commander of the Battle Command Training Program, Fort Leavenworth, Kansas. Previous assignments include tours as Commander, Third Brigade, 4th Infantry Brigade, Mech at Fort Carson. He also commanded three companies, including a mechanized infantry company in Vietnam. He has served as a staff officer at almost every level, including Battalion and Brigade S-3 in 1st Armored Division in Germany, AD G-3 in Vietnam and Assistant Executive Officer to the Supreme Allied Commander, Europe. As a White House Fellow, he was Special Assistant to the Director of the Office of Management and Budget in the

White House. He also served as Chief of the Army Studies Group in the Office of the Army Chief of Staff in the Pentagon.

Awards & decorations which General Clark has received include the Silver Star, Legion of Merit with 2 OLC, Bronze Star with 1 OLC, Purple Heart, Meritorious Service Medal with 1 OLC, and the Army Commendation Medal with 1 OLC.

General Clark and his wife, Gertrude, have one child, Wesley, who is a Sophomore at Georgetown.

Another very interesting part of his presentation dealt with his personal involvement and participation in this training program. With the commitment of units in Desert Storm, General Norman Schwartzkopf knew the level of skills and strengths of units he had under his command and as history is now being recorded, knew the basics of outstanding professional leadership, excellent training and few casualties compared to strengths in combat. As we now sort of remember and review the program outlined by BG Clark, we understand what the new and more modern Army and the collective armed forces are capable of doing under a leader like General Swartzkopf when he is totally supported by his Commander-in-Chief, Secretary of Defense. Chairman of the Joint Chiefs of Staff and handled necessary operations to obtain designated objectives without any political or other interference. It was recently stated by MG William F. Ward, USA, Chief of Army Reserve that "This past year will probably be remembered as the year in which the Army Reserve made its mark as a part of the Total Force, displayed its readiness, and also began to have a much greater say in its own future as it assumed more control over its daily functioning of the Army Reserve." A test for the reserve.

Our 1990 guest speaker was probably one of the most outstanding professionals that we have had the privilege to hear. His topic was certainly timely in that some of the troops in training at the

NTC were early deployed in Desert Shield and Desert Storm. He told us about the new training methods and electronic gear used in battle simulation as well as their instant playback capability for critique as an additional training procedure. His emphasis on all active U S Army and some other service ground troops were undergoing this type of combat training.

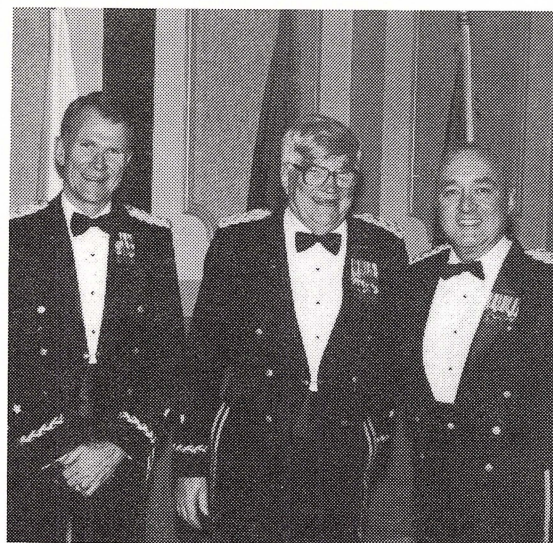

its urgency, or it will be retained and presented at an appropriate meeting of your Board of Governors.

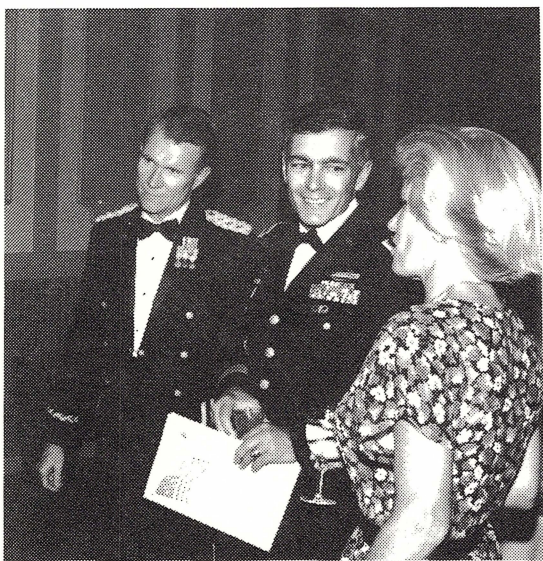

We are also historians of sorts. We want to remember the many with whom we served and the good and the bad that was generally some sort of training for our own good. Please send us your old stuff and we will copy and return it as soon as possible. While we have had some disasters in past communication with these items, we think the problems are solved. At least, give us a try. Photos, news articles, citations, etc., anything that pertains to the 63d Infantry Division or the Association, or any member that would be news to his fellow soldiers, please send it along. Some of our source of history passes with each name we add to the memorial roster. Let's share and circulate what we can, while we can.

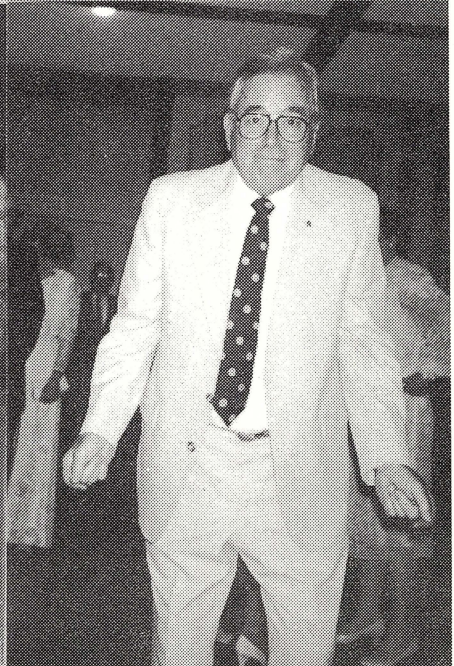

Short Rounds

Those of us who put your publications together are always ready and willing to use any material that affects the reservist; whether he be active, retired or just a support type observer, your information and material that you see or receive would be welcomed and in most cases, certainly used. It will be referred to an appropriate active committee and a reaction made depending on the subject and

63d LAUDED FOR ENTHUSIASM

THE GENERAL SAYS:

"I am making a personal appeal to each officer and man in this division to exert every effort to make UFT 1958 an even more successful application of the do-it-yourself principle which we inaugurated in 1957.

"Our determination last year to call on the Regular forces for the absolute minimum of help in view of the cut back of manpower and finances has made the 63d the 'critic' reserve division in the country.

"As a result of our efforts, word is going out from the Army to other reserve units, citing our achievements and inquiring whether they can do the same.

"We've got the edge in knowledge and in the heart-warming realization that we can depend on ourselves to come through when the chips are down.

"I want everyone to think and plan and believe in this idea of do-it-yourself. I know we will surpass our accomplishments of last summer because I know that above all we are soldiers and self reliance is our creed in training as it would be if we were called to defend our country in combat."

With the announcement of the reorganization of Sixth Army Military Districts into the X and XV US Corps (Reserve) Major General R. L. Howze lauded the "loyalty, enthusiasm and accomplishments of the 63d Infantry Division."

In a letter to Major General Henry K. Kellogg the Sixth Army commander outlined the reorganization plan in effect 1 February.

It provides for establishment of the X US Army Corps (Reserve), under command of Major General Francis M. Day, at Fort Lawton, Wash., and the XV Corps, under the command of Major General John W. Harmony, at the Presidio of San Francisco.

The X Corps will comprise Washington, Oregon, Idaho, Montana and Utah.

The XV Corps will comprise California, Nevada and Arizona.

As the two Corps become operational the Army Reserve responsibilities of the military districts were assumed by the Corps and the districts were ordered discontinued.

The 63d and other reserve units commanded by general officers and the senior advisor to such units will be under the direct command of the respective Corps commander.

General Howze invited General Kellogg to attend the activation ceremony for the XV corps and commented as follows concerning the southland minutemen:

"The loyalty, enthusiasm and accomplishments of the 63d Infantry Division have contributed greatly to the increasing effectiveness of the reserve program. I wish to thank you and the personnel of your command for a job well done. I am sure the same support and loyalty you have given to the US Army Military District, Calif. the HQ Six US Army will continue for the XV US Army Corps (Reserve)."

The consolidation of the eight military districts is part of the national plan developed by the U. S. Continental Army Command to reorganize and consolidate the 49 military district headquarters into 14 Corps and improve its organization for command supervision and support of the Army Reserve.

General Harmony paid his first official visit to the 63d commander on Jan. 20 at 822 S. Western Avenue.

6 MONTH RECRUITING FROZEN MARCH 1

Recruiting of men under the provisions of RFA 1955 has been frozen until further notice, it was announced by the Army's XV Corps. HQ, San Francisco.

The freeze was ordered effective 1 March and covers recruiting of all so-called "6 months soldiers," enlistees without prior service.

Major Gen. Henry K. Kellogg, Div. Commander, said the emphasis would now be put on seeking prior service personnel to aid in building the division strength to its avowed goal of 10,000.

Reason for the freeze was given as lack of Army funds for the six months training program.

CAMP ROBERTS, CA, August 8..PFC Elgin Baylor, 6-foot 5-inch professional basketball star of the Los Angeles Lakers and for two weeks a reservist with the 63d Infantry Division finds some difficulty fitting into the standard Army cot . The problem is solved by the 63d capable Engineer Bn--solution two cots welded end to end. The tall and the short of it all is that Baylor has to keep that carbine clean--so exhorts 5-foot 5-inch Master Sergeant Robert L. Sizemore in the ancient and accepted Master Sergeant fashion. Sizemore and Baylor are members of the 3d Battle Group of the 63d Infantry Division. Sizemore is a buyer for Aerojet Corp. and lives in Baldwin Park, CA.

RETIREMENT COMMUNITIES

By LCOL Irving C. Myers, USAR Ret

Last year, while mailing TROA Convention information and applications to potential renters of Display Booths, I developed a list of Retirement Communities around the country. Many of these are in California, some military oriented, occupancy-by-purchase, some occupancy-by-rental.

Following is some brief information on the list of California locations. Lucille and I visited a number of these, which are marked with an asterisk (*).

* Air Force Village West, Riverside: occupancy by purchase, free standing homes and condo apartments.

* Chateau Lake San Marcos, Lake San Marcos: occupancy by purchase, condo apartments, close to lake.

Harborview, San Diego: being planned by a group of Retired Officers (mostly Navy), overlooking Harbor and Airport, high rise condo apartments, occupancy by purchase, central to all area military facilities.

* Hyatt Classic Residence, Monterey: occupancy by rental, condo apartments, near Ft. Ord.

* Hyatt Classic Residence, Reno, NV: occupancy by rental, condo apartments.

* Leisure Village, Oceanside: occupancy by purchase, free standing and commonwall homes, near Camp Pendleton.

* Leisure World, Laguna Hills: occupancy by purchase, altho some lease and rental, coop condos, condo apartments, free standing and commonwall homes, near El Toro MCAS.

Marriott Desert Springs, Palm Desert: occupancy by rental, condo apartments, under study.

Marriott Stratford Court, Palos Verdes: occupancy by rental, condo apartments, under development.

* Marriott Villa Valencica, Laguna Hills: occupancy by rental, condo apartments, near El Toro MCAS.

* Palm Terrace, Laguna Hills: occupancy by rental, condo apartments near El Toro MCAS.

Palm Terrace Villa Fontana, San Jose: occupancy by rental, condo apartments, near Moffet NAS.

Some amenities offered at these locations include supplementary health services and facilities, meals, maid service, programmed activities, golf and tennis, pools, card and video rooms, libraries, etc. etc.

More detailed information will be presented in following "Couriers" or by request.

COL THOMAS V. CHANDLER, retired, Ass't G-4, Finished my third retirement (consulting obligation) and now devote my time to our Record and Phonograph business. We survived the first year which is somewhat remarkable these days for a small, new business. I still keep plenty busy helping COL Pattinson. COL McCleery and LTC Pellegrin edit and put your Annual Report and an occasional news letter together.

A Special Thanks. . . .

On behalf of your 63d Infantry Division Association, USAR, and especially your Editorial Staff, We wish to thank all of the contributors and those who have assisted in the preparation of our newsletters and annual report. There have been many this year and some of the photos and articles will appear, others perhaps in the next issue or in the supplemental material that will be in your mails from time to time. One of the many projects that we have discussed for many years is a repository for all of our records and memorabilia. Your Board of Governors would welcome any ideas or suggestions that might bring this project from the drawing board to a reality.
