WORLD WAR II KOREA VIETNAM

ELIGIBILITY FOR MEMBERSHIP IN THE 1st MARINE DIVISION ASSOCIATION

SgtMaj George F. Meyer USMC (Ret.) Executive Secretary
Headquarters: 1704 Florida Avenue, Woodbridge, Virginia 22191

Phone: Area Code (703) 550-7516

The men who served in the 1st Marine Division – an efficient, reliable fighting unit, seldom matched in military annals – are justifiably proud of their Division's accomplishments in World War II, Korea and in Vietnam. Some of the Esprit de Corps of that unit remained in each man when his active duty with the Division came to an end. It was this same spirit of belonging, of sharing and of giving of one's self which virtually made necessary the forming of the 1st Marine Division Association.

The Association is incorporated as a non-profit organization with membership open to anyone who served in the 1st Marine Division at any time since it was formed in 1941. This applies equally to personnel who served with attached units, such as Naval Hospital corpsmen. Aviation units, Seabees and other Regiments.

Briefly, there are two reasons why most members join. First, because it is a means of reestablishing and/or maintaining contact among the men who served with the Division. Second, to support a unique Scholarship Fund to assist in the education of dependents of deceased or totally disabled 1st Marine Division men.

A reunion of the Association provides the ideal opportunity for members to "find", see and visit with former "Cobbers" or buddies, and to perpetuate the memory and the spirit and comradeship in arms of those who served together. A Memorial Service is an important part of each Reunion.

Also, members are kept well-informed on matters of interest in the Association thru the "OLD BREED NEWS" which is mailed to members free of charge. Full information on reunions is automatically furnished all members thru the Association newspaper, with several issues carrying plans and a reunion schedule of events.

As a Memorial to fallen comrades, the Association has established a Scholarship Fund. This is supported by profits from Reunions, by transfers from the Association treasury, and by gifts from our members and friends. Not one penny of the Fund has been used for any purpose but Scholarship grants. All administrative expenses are met by the Association.

The Association has taken a firm stand against any participation in politics, and consistently avoids sponsorship of legislation or attempts to influence the policies of the Marine Corps or the Department of Defense.

Since its beginning, in 1947, the Association has continued to grow steadily until today, with membership of many thousands, it is the largest of its kind in the United States. It is supported by both officers and enlisted men, proud of their service and association with the 1st Marine Division, desirous of continuing their contacts with their comrades, and determined to perpetuate the spirit and traditions of the United States Marine Corps thru the Scholarship Fund.

In the 1st Marine Division Association, they have the ideal organization as a means to those ends.

First Marine Division History

The 1st Marine Division is the direct descendant of the Advance Base Brigade which was activated at Philadelphia on 23 December 1913. During its early years the brigade was deployed to troubled areas in the Caribbean. While in this region it was employed in a combat capacity in the so-called "Banana Wars"; landing in Vera Cruz, Mexico and participating in the occupation of both Haiti and the Dominican Republic.

After a number of redesignations this organization ultimately received its present designation of 1st Marine Division on 1 February 1941 while stationed at Guantanamo Bay, Cuba. This unit became the first division in Marine Corps history and its eventual composition included the 1st, 5th, 7th Marines (infantry regiments) and the 11th Marines (artillery regiment). The 1st Division following the outbreak of World War II moved to the southwest Pacific to take part in the initial invasion of Japanese-occupied territory. On 7 August 1942, units of the division made amphibious landings on Guadalcanal and Tulagi in the Solomon Islands. After a hard-fought, six-month campaign, the struggle for Guadalcanal was terminated with an American victory. The division, which suffered 3000 casualties, moved to Australia for rehabilitation and reorganization.

Operations in the eastern New Guinea area in late 1943 and the subsequent New Britain campaign were next on the agenda for the 1st Division. After more than four months of sharp fights and rugged patrolling which forced the Japanese from the western half of the island, the division moved to Pavuvu Island in the Russells to prepare for its next operation. This came in the assault on Peleliu in September 1944 which was characterized by very vicious and bloody fighting. Over 6000 leathernecks from the division were casualties during the battle. Okinawa was the last campaign for the division in World War II. The unit was one of the assault forces to initially land on the enemy bastion on 1 April 1945. Continuous fighting for the division persisted until the island was secured in late June. Three weeks after Japan surrendered the 1st Marine Division was dispatched to north China for occupation duty. While in China it had a number of encounters with the Chinese Communists. In the spring of 1947, it returned to the United States and was stationed at Camp Pendleton.

The outbreak of the Korean War in June 1950 was the occasion for the next combat assignment for the 1st Division. The first unit of the division to embark for Korea was the 5th Marines which left in early July. The rest of the division departed in August and was reunited in September when it made an amphibious landing at Inchon. In November and December, the 1st Division was heavily engaged in bitter fighting with Chinese Communist forces around the Chosin Reservoir. After being completely surrounded, 1st Marine Division units broke the encirclement and marched into Hungnam and were evacuated. The next two and one-half years saw the division employed in the struggle as a combat force, mostly as a frontline unit. Although the fighting ended in July 1953, the 1st Division remained in defensive positions in South Korea for nearly two more years. It was redeployed to Camp Pendleton in the spring of 1955.

The Cuban Missile Crisis in the fall of 1962 caused the deployment of elements of the 1st Division to Guantanamo Bay and to the Caribbean. Less than three years later, 1st Marine Division units were once again sailing for the Far East -- this time in connection with the escalation of the war in Vietnam. Regimental Landing Team 7 in May 1965 was the first unit of the division to enter the Republic of Vietnam. The following March division headquarters moved from Okinawa to Chu Lai. By June 1966, all of the division was located in South Vietnam. Its zone of operations was originally in the southern two provinces of I Corps, Quang Tin and Quang Ngai.

In 1965 the 7th Marines had the honor of participating in Operations STARLITE (August) and PIRANHA (September) - the first major engagements with the enemy for American ground troops. Other major engagements were HASTINGS (summer 1966) and UNION I and UNION II (spring 1967). In these operations 1st Division units decisively defeated the enemy. During the 1968 enemy Tet offensive the 1st Marine Division was involved in fierce fighting with both Viet Cong and North Vietnamese Army elements. After heavy contacts with Communist forces, division units were successful in beating back the enemy drive in their areas.

The first big battle of 1968 began when elements of the division aided the South Vietnamese in their drive to retake the city of Hue. Other major operations that year were ALLEN BROOK, MAMELUKE THRUST, and MEADE RIVER. TAYLOR COMMON and OKLAHOMA HILLS were two of the more significant operations in which the division participated in 1969. From late 1969 through early 1971 the 1st Division was the only Marine division operating in the Republic of Vietnam. The 1st Division began gradually to withdraw from Vietnam in 1970. Redeployment to the United States was completed in the late spring 1971, thus ending one of the longest combat tours in American military history for an organization of its size. The complicated war it fought in Vietnam saw the division's units participating in both multi-battalion-size battles and small unit, anti-guerrilla operations. It successfully conducted more than 160 major operations and thousands of small unit actions while deployed in the war zone. Presently, the 1st Marine Division is based at Camp Pendleton, California.
