**(C) OPERATIONS**

(1) The operations of local chapters shall conform with the purpose and intent of the Association and shall not be such as to bring discredit upon the Association and the Marine Corps.

(2) No local chapter shall, either directly or indirectly, endorse the candidacy of any person for any office in the Association; nor shall any local chapter take any action whatever on political, legislative, or public policy matters whether general or local.

(3) Each local chapter shall maintain accounts of all business and financial transactions on a calendar year basis and, at year end, shall prepare a summary of the year's receipts and disbursements following a format to be presented by the Association Treasurer. The chapter shall provide for an audit of the accounts and of the year's summary within thirty days after the end of a calendar year by three persons other than officers or directors of the chapter.

(a) The auditors shall also verify the cash on hand and shall submit a signed report of the audit and of the cash verification to the chapter and to the Association not later than sixty days after the end of the calendar year.

(b) No local chapter shall pay any officer or employee any salary without specific approval of the Board of Directors of the Association.

(4) Local chapters may impose dues upon their members over and above dues for membership in the Association. Local chapters are authorized to collect Association dues and to transmit the same with appropriate rosters.

(5) A local chapter shall not obligate the Association in any manner whatever unless permission to do so has been secured in writing from the Board of Directors of the Association.

(a) The Association shall not be liable for any obligation whatever incurred by a local chapter unless it has so stated in writing.

(6) A local chapter shall not conduct an enterprise of any kind for fund raising which does not conform to established local customs and local, state, and federal laws and regulations.

(7) Local chapters shall not incur obligations in an amount which is beyond the unencumbered and uncommitted funds available in the chapter treasury at the time the obligation is incurred without prior adoption of a resolution authorizing such action at a meeting held after five days written notice mailed to each member. It shall, further, procure from the Executive Committee of the Association permission to incur such obligation indicating in the application the reasons therefor and the financial capability to support the contemplated action. The foregoing is not intended to restrict the incurrence of obligations for the conduct of affairs for which there is reasonable expectation that the costs will be defrayed by those attending.

(8) Solicitation, except from local chapter members, of donations or contributions of any kind, or sale of advertising space by any local chapter for any purpose whatever, is prohibited unless written approval is secured from the Executive Committee of the Association.

(9) Local chapters shall not adopt, purchase, or otherwise acquire, sell or otherwise distribute or display for sale, insignia, devices, paraphernalia, uniforms, or items of uniform which incorporate the

Association's name or seal or which refer to the Marine Corps in any manner whatever, without approval of the Board of Directors of the Association.
