We have endeavored to obtain the name of those from Denton County who have been killed in action and regret any exclusions.

Arthur O. McNitzky Post No. 71
AMERICAN LEGION
 DENTON, TEXAS

May 11, 1945

To All Denton County Men and Women
 Who have Served in the Armed Forces of Our Country
 in the Second World War

Greetings:

We, the members of the American Legion, express to you our appreciation for your help in completing the job we began twenty-five years ago but which we were prevented from finishing by the political blunders and shortsightedness of politicians.

We have done all we could to help you while you have been in the service, and we shall do everything possible to assist you in readjusting yourselves to civilian life and to acquiring your rightful position when peace returns. The Legion is always ready to help every ex-service man with any problem which may arise and we want you to know that the officers and members of this Post welcome you into the comradeship of that select group who have borne arms in their country's defense.

To the parents and relatives of those who lie buried in foreign soil we want to say that the Legion dedicates itself during its entire existence to upholding and maintaining the ideals for which your boys and ours gave their lives. We ask the help of all of you in making America a better place in which to live and a safe place for our children and their children.

Sincerely yours,

W. M. Loveless
 W. M. Loveless
 Post Commander

WML:dfc

SANGER, TEXAS

The Schools-at-War program of the Sanger School was organized and directed under the supervision of the superintendent, H. O. Harris and the teachers. The entire student body met in assembly and the program was discussed. Leaders for the different activities were selected by the group each month.

Each week individual classes went to the post office to purchase Stamps and Bonds. Business men stimulated this activity by giving prizes each month to the grade purchasing the greatest amount of Stamps and Bonds and having one hundred per cent participation.

Outstanding in the school's activities was the bond and stamp sale on April 15, 1943:

Bonds	\$42,150.00
Stamps	278.55
Total	\$42,428.55

The boys and girls in our school collected scrap rubber, paper, copper, tin, and silk hose.

In the used clothing drive nearly 3,000 pounds were collected.

A Victory Corps was organized in the high school.

The Future Farmer boys volunteered their services for farm work during the fall season.

The Home Economical girls made a survey of the Victory gardens in our town and community.

The Fort Worth Star-Telegram sent a reporter to Sanger to write a feature story on the outstanding War activities of the school.

The Sanger School co-operated with the State Music Department and the State Department of Education in the giving of a series of monthly "Victory Concerts." Admission to the program was the purchase of a stamp or bond.

The school encouraged regular and consistent purchases by publicly recognizing students who were outstanding in this way. Among such students were Betty Anne Burks of the fifth grade and Robert Windle of the seventh grade.

H. O. Harris
 Supt. Sanger Public Schools

PILOT POINT, TEXAS

The Pilot Point community has gone over the top in every Red Cross, Bond Drive and U.S.O. since the war started. In the last Red Cross and Bond Drive the quotas were reached the first day. Over twenty thousand pounds of waste paper has been turned in. The community has had its quota of blood donors. A work room has also been maintained by the Red Cross where the quota of materials has been made.

Porter C. Gentry
 Secretary Pilot Point Booster Club

Comments from the Home Front

DENTON, TEXAS

Each pupil and teacher is buying war bonds and stamps. Two of our schools are proudly flying the Schools-at-War Flag. All the schools are members of the American Junior Red Cross and have been making equipment for the boys in hospitals and for the people of our Allied Nations. Groups of students from our schools have furnished entertainment for wounded soldiers in nearby Army hospitals.

We have been offering special courses which prepare the boys for induction into the armed forces, and enable the boys to advance more rapidly.

It has been a pleasure to both the students and teachers to take an active part in all collection campaigns; we have collected tons of scrap paper, tin cans, and have put on an educational campaign in the interest of collecting fats. We feel that our teachers have done an outstanding and efficient service in issuing ration books.

In fact, each of us connected with the schools has been and will continue to devote his energy and ability toward any program that will shorten the war, get our boys back home, and establish a lasting peace.

R. C. Patterson
Supt. Denton Public Schools

JUSTIN, TEXAS

Twenty-seven years ago, our country launched out again, a free world. After the horrors of war, we faced again the sunshine of peace. We had called that war "A World War." How little we really knew about war. Since then we have been engaged in the bloodiest conflict in the history of the world.

Again we see the glimmer of that sunshine of peace. What have we done to bring that peace to life?

We, as a school in the Justin Community, bent our first real effort in forming good, pure American citizens. We have seen some of the choice of American manhood and womanhood go from our midst. We are proud of the boys and girls whose lives we have helped to mold. Some of our young men have gone out into battle, carrying the banner of freedom. Others have lived a life of labor on the home front.

From the youngest student to the oldest, we have worked with unceasing effort to bring the war to a successful close. We have gathered tin, paper, and clothes to be reclaimed by our nation. We have carried on a successful drive in paper salvage. Our old clothes we have gathered for those less fortunate. We gave these things with the feeling that it was the least we could do.

We have held bond drives for raising money to help Uncle Sam. Some of our rallies were among the best in the country. Our grade school classes are still buying war stamps to help bring our boys back home.

When old glory flew proudly May 8 announcing victory, our hearts were filled with pride and gratitude because we felt that we had had an active part in raising the banner once more "o'er the land of the free and the home of the brave."

Wayne A. Cox
Supt. Justin Independent Schools

AUBREY, TEXAS

The people of Aubrey have participated in an all-war-effort to fight the battle on the home front. They have rallied to the War Bond, Red Cross, Used Clothing, and Waste Paper Drives by going beyond the quota set aside for their contribution.

When the urgent call for blood donor service was made, men and women responded to donate their portion of the county's quota.

The people, as a group, have relieved the man-power shortage by doing their own repair work during seasons when they were not extremely busy and thereby made a real contribution to the labor problem which tends to solve the labor situation.

The town is not satisfied with the past accomplishments but intends to forge ahead vigorously to higher levels of performance. The whole community has joined freely in service to the nation and to its ideas of freedom and world order.

M. N. Siebman
Supt. Aubrey Independent School

PONDER, TEXAS

The Ponder community has responded in a big way to our necessities of war. They have met all requests, and have discharged all their duties with a cheerful disposition, always determined to back our boys to the limit. Ponder has gone over the top in all her Bond Drives, in the collecting of scrap metal, waste paper, etc. She will continue to back the attack, and utter a prayer for the boys, our boys, over there.

Raymond Banks
Supt. Ponder Public School

Pvt Donald S. Abbey is the son of Mrs. R. J. Abbey, Denton. Entered service Oct. 1944 and has received his basic training at the infantry station in Camp Walters. Went overseas March, 1945 to the South Pacific. He holds the expert rifleman's medal.

Comments from the Home Front

THE FRED DOUGLAS SCHOOL DENTON, TEXAS

The Fred Douglas School (colored) of Denton is an ardent supporter of all campaigns of our government during this belligerent struggle for continental existence and "Practical Democracy."

We have appreciated the privilege of participating in Scrap Iron Drives, Red Cross Campaigns and Bond Drives.

Fred Douglas is an accredited four-year high school, quite a number of graduates enter different colleges in every state, Prairie View, Tilliston, Samuel Houston, Bishop, Texas College and Paul Quinn.

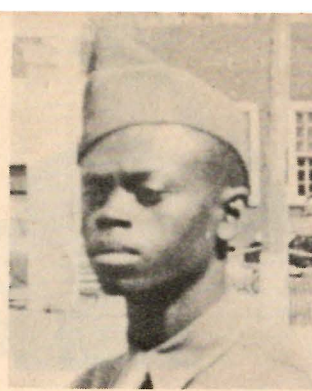

This school has a strong faculty—all have their degrees.

F. D. Moore
Principal
