COLLIN COUNTY COURT HOUSE
McKINNEY, TEXAS

vorldwartwoveterans.or

FARMERSVILLE

To the Armed Forces of Farmersville and Collin County:

Friendly Formersville is whole-heartedly doing its part in helping to win the war. The City Government, Chamber of Commerce, Rotary Club, Boy Scouts, all ladies' civic, religious and social clubs, our churches and schools have united in one common effort to assist the Government and our conscientious and loyal service men and women in every possible manner toward an early victory and a lasting peace for the world.

Farmersville community has gone over the top in every bond drive, every contribution for the Red Cross War Chest drive and in collection of scrap metal and waste paper. Our ladies have been very active in making thousands of Red Cross bandages; in organizing U S O clubs for service to Ashburn Hospital at McKinney; organizing Gray Ladies for duty in Ashburn Hospital. All our local organizations joined in assisting the Chamber of Commerce in fitting out and maintaining a Sun-Room at Ashburn Hospital. Local Boy Scouts have assisted in every movement and were especially active in the scrap-metal and waste paper drives. One of the outstanding achievements is the publication of the Farmers-ville Furlough, a monthly news sheet for all our service men and women from this section. The Furlough is sponsored and published by members of local churches and sent free to our boys and girls all over the world as a newsy letter from home.

Farmersville Schools have been very active in the war effort in the following ways: Victory corps for united war effort; patriotic assembly programs; refresher courses in math for students to enter service; competitive bond drives and war stamp booths: Homemaking department-made Red Cross bandages; special scrap iron drive by pupils, netting 185 tons; 100% Red Cross membership; classes in first-aid; collecting books and magazines for service men; assisting in waste paper drives.

N. O. Wright, Supt. Farmersville Schools

MELISSA

The citizenry of the Melissa community have eagerly responded to all necessities of the war effort. In several of the important war efforts, such as Bond drives, U.S.O., Red Cross, our community rated No. 1 place in the County in raising the quotas. The community has had its quotas of blood donors. The school has encouraged regular and consistent purchases of stamps and bond buying by recognition of outstanding purchasers in each of two competitive teams. The student body willingly and effectively discharged their duties in collecting paper, tin cans and used clothing. A Red Cross room has been maintained to prepare bandages. Our community has never failed to meet any of the war-time emergency obligations assigned them.

Leroy G. Richardson, Supt. Melissa Public Schools

McKINNEY

The ladies from McKinney and nearby towns serve as hostess in the Community-conducted USO for the convenience of patients and personal of the Ashburn General Hospital.

Ashburn personnel enjoy relaxing at the club, where they always find a supply of good reading material, games, cookies, soft drinks, candy and cigarettes. Many letters are written at the club.

Through the USO and other means, Ashburn patients meet McKinney citizens, whose homes are thrown open to the man in uniform. Many lasting friendships have been formed between soldiers and the friendly people of McKinny.

List of Officers as follows:

Mrs. J. P. Harding	President
Mrs. Tom Scott	Vice President
Mrs. Lee Fitzgerald	Vice President
Mrs. Choice McClure	Secretary
Mrs. Edgar Bush	

Mrs. H. H. Neilson, Director McKinney USO

Collin County owes an everlasting debt of gratitude to those hundreds of men who have served in the Armed Forces during this war. Because of their bravery and devotion to duty we are a free people. It behooves each of us to do our part in the future in order that their sacrifice for peace will not have been in vain.

J. C. Cantrell County Judge

The pages of this book give a wonderful tribute to our Collin County Heroes, but mere words and pictures cannot reveal all the brave acts and deeds of our called men and devoted women.

collin County has furnished its part of the manhood in all wars, and they have always distinguished themselves with gallantry. The cause for which they have fought will live forever in the hearts of free people.

May we always remember those who have made the supreme sacrifice, and always honor and respect those whose good fortune it has been to return.

W. C. Dowdy
Judge 59th Judicial District of Texas

PLANO

Plano and surrounding communities have cooperated one hundred per cent in the war effort from the very beginning. Its first move was the scrap iron drive. Such enthusiasm was shown by all school children and adults that masses of scrap iron covered a large portion of the school campus—over 50 tons.

Every War Bond drive, Red Cross and all other drives connected with the war effort went over in a big way. It was the finest exhibition of team work that has ever been shown in this community with the officials of the city, the churches and the school leading the way. Every man, woman and child contributed until each drive went far over the guota set.

Plano people realize that our boys have made a sacrifice on the battle front, many of them having paid with their lives that the democratic principles of our nation might be preserved. Parents and friends of these boys have made and will continue to make every possible sacrifice on the home front until final victory.

> E. A. Sigler, Supt. Plano Public Schools

CELINA, TEXAS

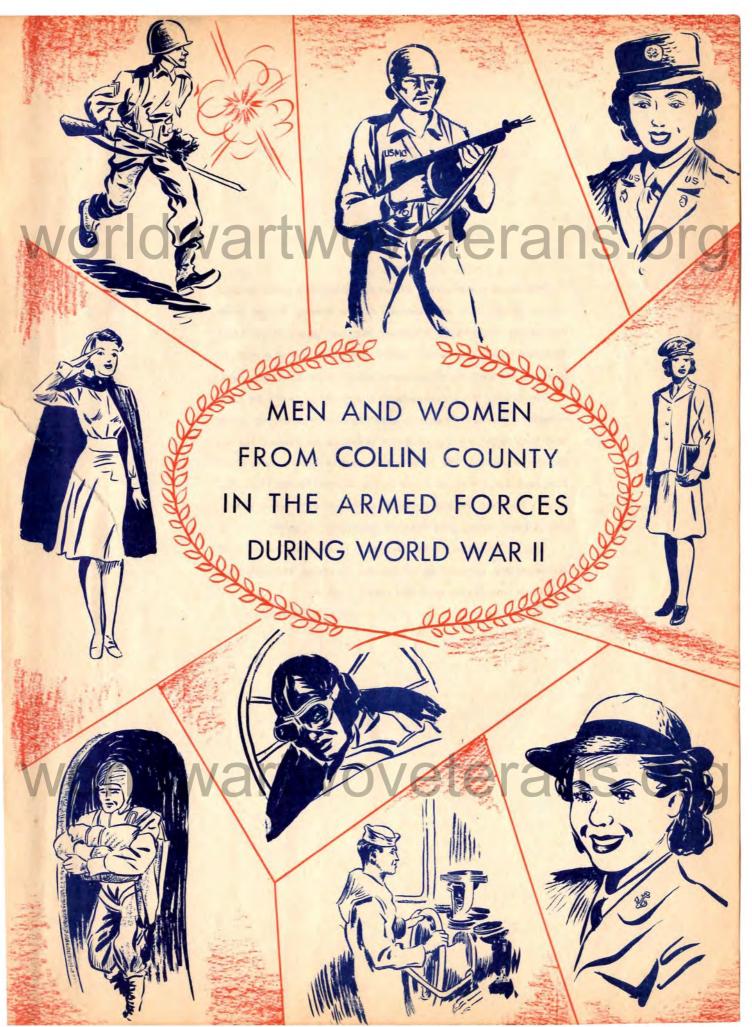

The Celina community has made every effort possible to carry out the Community War Porgram. Every man, woman and child has rallied to do their part.

Celina has surpassed all bond drive quotas and is well into the Seventh War Loan Drive. Participation in Red Cross Work, scrap iron and waste paper drives, USO contributions and blood donors contribution was also heartily entered into.

In the scrap iron drive, every school child brought his weight in iron. The Celina School children sold \$15,400.00 in stamps and bonds in the Seventh War Loan drive.

The town will continue doing its part in the war efforts until our boys return.

wartwov

worldwartwoveterans.org

We have made every effort to obtain the pictures and names of all men and women in the Armed Forces from this county. We realize, however, that our goal has not been attained and we sincerely regret any exclusion of names or pictures, as well as other errors which may have occurred.

No similar book complete in every detail could be published at this time because conditions are changing daily and they will in all probability continue to change for an indefinite period. We have attempted to give only a brief biographical sketch of those in the Armed Forces from this county because the story will be complete only when everyone is back home, and this will probably be years.

The cooperation of the citizens in the various towns and communities, as well as all county agencies and officials, has been invaluable and due credit is given.

THE PUBLISHERS.

worldwartwoveterans.org

NEWMAN, BENNIE L.

Pvt Bennie L. Newman, son of Mrs. Mildred Smith of Farmersville, entered the service Jan. 1943. He received training at AAFAB, Newport, Ark., and is now stationed at HAAF, Harlingen, Tayor.
