## TO THE VETERANS OF WORLD WAR II:

With your return to resume the duties of a civilian American, we salute you for having accomplished most admirably, a mission which the Veterans of World War I have always believed they only started. You have most certainly earned the right to take your place among the true patriots of this Nation. You represent the future government of our Great Nation, and we know you will carry the banner of loyal Americanism always.

Victory for us has been costly in American lives and many of our good friends and buddies have paid the price with their last drop of blood, while others have been tortured and required to suffer untold misery at the hands of the enemy. We measure the cost of a war in Lives, not in Dollars, because life to us is believed to be the most cherished thing in existence, without which there can be no Nation, no World.

Please remember that in the past, American Loyalty has been permitted to weaken materially, because we listened too long to the plea of selfish interests who demanded the reduction of taxes on worldly goods, while our Nation's defenses were permitted to deteriorate and decay. But these interests have never known the value of a good old fox hole when the going was tough, nor the dread of snow, slush, mire and knee-deep mud on a field of battle. Their interest lies only in methods of acquiring wealth and how to keep it, without thought of the welfare and protection of the Nation which offers them so many rights and privileges.

The American Legion is dedicated to the service for disabled Veterans, their widows and orphans. We want to serve you and most cordially invite you to become associated with our organization.

Yes, this book records the history made by you in World War II, in just a minor sort of way. Only modesty on your part prevents us from knowing the full history of your service. We think you've done a grand job and we're proud of you, every one of you, and as we view the likenesses of those who made the supreme sacrifice for our country, let's resolve with strong determination, never again to permit those who know NOT the meaning of patriotism, to again detract our minds from the course we know to be essential for the preservation of our Nation. How soon will we forget?

Most cordially yours,

A large, stylized handwritten signature of Russell M. Chaney.

Russell M. Chaney,  
Post Commander.

## THE SULPHUR SPRINGS HIGH SCHOOL AND THE WAR EFFORT

The Sulphur Springs High School faculty and student body has loyally carried its part of the load in the war just closed.

The school has done everything asked of it and much more.

It would be an impossible task to get a complete list of the ex-students and faculty members of the high school who have entered the service of our country, but it would be many hundreds. Many of them paid the supreme sacrifice. The first casualty from Hopkins County was a graduate of the local high school.

Not only have the boys from the high school rendered valiant service on the battlefield, in the air, and on the sea, but the student body from year to year has been the Victory Corps, the Knitting Club, the First Aid Classes, and many other organizations.

During the entire war the Student Council has sponsored the sale of stamps and bonds. One day in each week was designated for these sales. This enterprise was climaxed during the year of 1944-45 when \$40,008.80 worth of stamps and bonds were sold through the school. The United States Treasury Department awarded the Sulphur Springs High School a citation for outstanding work in the sale of stamps and bonds. This citation may now be seen in the Trophy Case.

Through the years since World War I, and especially through the years of World War II, the American Legion Auxiliary of Hopkins County has cooperated with the American Legion in every effort to assist all veterans and their families.

Now that peace has become a reality, we give our humble thanks for God and our sincere gratitude to these, our boys, for the magnificent job they have done.

Yet, we are not unmindful of the responsibilities that lies ahead, and to the wives, mothers and sisters of these veterans our organization offers an opportunity to serve in peace as they have served so bravely in war.

CHAMBER OF

COMMERCE

During World War II, the Hopkins County Chamber of Commerce and the Sulphur Springs Junior Chamber of Commerce, too, became War-Time Institutions. The Chamber's many war-time activities included housing projects, Bond Drives, War Chest and Red Cross War Fund Drives, Red Cross Blood Bank, and the JayCee Cigarette Fund.

All seven of the War Loan Drives went over the top, under the able leadership and supervision of Charles F. Ashcroft. The C. of C. office was the receiving agency for money, and general headquarters for the drives.

The same procedure was used in the War Chest Drives and Red Cross War Fund Drives as was used in the Bond Drives. With Weber Fouts as Chairman of the Red Cross War Fund, and R. D. Sanders as Chairman of the War Chest, each drive went over the top. Too much credit cannot be given the leaders and committeemen for the success of these drives.

When the Red Cross Blood Bank came into Hopkins County and asked for 550 pints of blood from the County, again the citizenship showed its patriotism and gave 557 pints. Weber Fouts was Chairman for our County. Appointments were taken at the Chamber office several days in advance of the date of the visit of the Mobile Unit.

The Junior Chamber of Commerce took as one of their major projects the Jay Cee Cigarette Fund. At a cost of only five cents per pack, six thousand, five hundred packages of cigarettes were sent overseas to our servicemen and women in hospitals.

To ease the critical housing shortage in Sulphur Springs, the C. of C. listed all available houses, rooms and apartments. A list was also kept of people desiring living quarters, and when calls were made to the office listing vacancies, they were quickly filled.

With the signing of peace, the Chamber of Commerce is primarily interested in placing the returning service men and women, as well as the returning war worker, into satisfactory employment.

## HOPKINS COUNTY SERVICE MEN AND WOMEN OF WORLD WAR II

It gives me a great deal of pleasure to express to you both personally and officially the happiness that your county feels in your return and the pride that we feel in your record of service.

Hopkins County has always done more than its part in time of war. It has, for example, provided more than its proportionate share of fighting men in this war. Those who have remained at home have done more than their proportionate share in providing food and essential war products for the nation.

Let us not, however, feel an inordinate pride in our achievement, but rather feel a sense of gratitude that the war has been won with no greater sacrifice of life and limb than we have experienced. Let us, moreover resolve to do all that is within our power to prevent another such war and to perpetuate the memory of those who have given their very all in this war.

WAYNE GEE,  
County Judge
