**KERENS SERVICEMEN, HOME FRONT PRAISED**  
**Mayor Chapman Cites Services By Local Citizens in Veteran's Book**

When posterity examines the annals of World War II, it will find the name of Kerens, Texas, mentioned with distinction. With a population of 1240, this Navarro County town has contributed notably in high per capita representation on the battlefronts, in constant diligent service on the home front. Other communities undoubtedly will receive longer, more descriptive paragraphs, but none can be listed with greater honor. It is with justifiable pride that we record the contributions of our young men and women in the fighting and wining of this second world war.

Bloody Salerno, Cassino, Anzio—these names belong to history now, but for several tortuous months they belonged exclusively to Texas' famous 36th Division, which was sprinkled bountifully with boys from Kerens, Texas, and vicinity. The "blood, sweat, and tears" that had been promised England also were the particular heritage of all those of the "36th" who secured the Italian Peninsula in General Mark Clark's campaign that had the Allies storming the European fortress for the first time. The "36th" won immortal fame and glory in Africa and Italy, later up through France and across the Siegfried Line. Kerensites have considerable stock in this reputation, cherish it because of its great cost in human life and suffering.

Kerens boys long had been groomed for their roles with the "36th." For twenty-five years the town had supported a unit of the Texas National Guard—one of the smallest localities in the entire country to maintain such an organization. In the summer of 1940, then, the boys abandoned their regular weekly meetings for arduous training at army camps. Succeeding their local activity was the Kerens Home Guard, captained by E. H. Gray.

But Captain Gray's outfit did not remain intact. One by one, more than 250 of its members were called into the armed services, shipped off to various theaters of war. Saipan, Luzon, Iwo Jima, Okinawa became familiar terms in local conversations while families and friends followed the assignments of their soldiers, sailors, marines, and airmen. The postoffice was a busy place; and, as in all wars, there were those days when the telegraph office buzzed with messages from the War Department.

Johnson-Wiggins Post No. 22  
**AMERICAN LEGION**

CORSICANA, TEXAS

September 27, 1945

To All Navarro County Men and Women  
Who have Served in the Armed Forces of  
Our County in the Second World War:

Greetings:

We, the members of the American Legion, express to you our appreciation for your help in completing the job we began twenty-five years ago, but which, through no fault of ours, we were prevented from finishing.

We have done all we could to help you while you have been in the service, and we shall continue to do everything possible to assist you in readjusting yourselves to civilian life. The American Legion has always been ready to assist ex-service men with any problems which may arise, and we want to assure you that the officers and members of this Post extend you a most cordial invitation to become a member of our organization, which has during the years been instrumental in the passage of much legislation for your benefit.

To the parents, widows, and relatives of those who lie buried in foreign soil, we want you to know that the Legion dedicates itself to upholding and maintaining the ideals for which your boys gave their lives. We want to assure you also that the American Legion stands ready to render you any assistance in handling your problems. We earnestly beseech your help in all our efforts to properly perpetuate the honor and memory of those who have paid the supreme price to make America a better place in which to live.

Yours very respectfully,

*J. Dave Walker*

activities of the home front received the special attention of all Kerensites who stayed behind. While they read headlines and heard radio reports of their fighting men in all theaters of operations, the people supported all war work enthusiastically. Those who stayed at home had much to live up to; the records of their boys and girls whose pictures are contained in this volume.

*Garland M. Chapman,  
Mayor of Kerens.*

#### **BARRY**

The Barry Community has been faithful in buying War Bonds. They have bought from \$2,500 to \$5,000 in each drive besides buying between the drives. Contributions were made to the National War Relief Fund, to the Clothing Drive for war torn countries, to the salvaging of waste paper in lots of 1,000 to 1,500 totaling several thousand pounds, to the salvaging of tin cans and waste fats and to sending cookies to veteran hospitals.

The Barry Red Cross has done its part, too. The community has gone over the top in each Red Cross Drive. The ladies spent eight hours a week in making surgical dressings during the period of making dressings. Approximately 225 knitted and other garments were made each year.

Our service flag in the form of a V has seventy-five blue stars and one gold star. Our boys have fought on all the battle fronts of the world. Their service records, as they are recorded in the pages of this book, show that they have done their part to help bring peace to the world again.

#### **NAVARRO COUNTY CONTRIBUTIONS TO THE WAR**

Thousands of Navarro County young men and women have answered the call to arms to defend the American Way of Life. Many have given their lives. Others will carry the scars of battle for life.

Those who did not wear their country's uniform were loyal soldiers on the home front. They did their share to bring those serving in uniform back to their loved ones at the earliest possible time.

Navarro County men and women served on Draft Boards and Rationing Boards. They helped with Bond Drives, United War Chest, Red Cross and Salvage Drives. They joined the ranks of the Civilian Defense Corps and the Texas State Guard. They realized their responsibilities and did these jobs willingly and well. This was their contribution to the War.

Every Bond quota allotted to the County was over sold and the grand total assigned the County in all drives was exceeded by 25 per cent. In War Fund Drives from 1940 to 1945, \$127,413.31 was raised. The County collected 251,100 pounds of scrap paper. The housewives of the County saved 72,000 pounds of waste fat, and 10,000 pounds of tin cans were collected per month. Approximately 6,250,000 pounds of scrap iron and over 1,000,000 pounds of scrap rubber was collected in Navarro County.

There were 94 classes in First Aid with 1,649 certificates issued, and 15 Home Nursing Classes in which 298 certificates were issued; 16 Nutrition Classes with 342 certificates issued; one Canteen Class with 45 certificates issued; and 7 Canteen Aid Classes with 119 certificates issued.

Over 6,000 home service cases were handled. Thousands of comfort articles from home-made cookies, birthday and Christmas gifts of pianos and radios and furniture for days rooms in the several camps and hospitals in the Central Texas area were provided by Navarro County citizens.

For Foreign War Relief 8,158 garments were sewed and 2,493 were knitted. There were 2,187 garments knitted and 1,064 kit bags provided for service men. In surgical dressing work in Navarro County 34,595 hours were given by 632 workers who made a grand total of 904,740 dressings.

A total of 718 pints of blood were donated by the citizens of Navarro County, so that the fighting sons of the county who shed their blood for the American Way of Life could be saved along with the cause that America and its Allies have now insured for posterity.

## G. W. JACKSON HIGH SCHOOL

Corsicana, Texas

Realizing the fact that we are living in a new day and an ever-changing world, it is altogether fitting and proper that we, not as a special group, but all who nestle beneath the wings of the American Eagle, in a post-war world, face unflinchingly the complex problems that must be solved to preserve and perpetuate the real democratic way of life.

It is the duty of the Church, the schools, and returning veterans to combine their efforts to heal the sins of the world, by advocating tolerance and understanding, with charity toward all, and malice toward none.

The G. W. Jackson High School, of Corsicana, Texas, an accredited four year high school, is an ardent supporter of the United States Government and its allies in this world conflagration, and the same has been manifested by its participation in all efforts to successfully prosecute the war. The school flies the "E" flag for student sales of \$5,200.00 in "E" Bonds in the 7th War Loan Drive.

This is written to show our appreciation for the boys of Navarro County who offered themselves upon the Altar of Freedom so that the beams of light from the torch of the Statue of Liberty can be seen from the remotest corners of the world.

Walter F. Cotton, Principal
