SUPPLEMENT TO  
**THE ELDORADO COURIER**

VICTORY EDITION OF THE ELDORADO COURIER

worldwartwoveterans.org

This Victory Edition of The Eldorado Courier is dedicated to those men and young women of the Eldorado area who are serving in the Armed Forces of the United States, and our earnest hope is that it may convey to them in a small measure the feeling of gratitude that we on the home front feel toward them. For their sacrifice we can never fully repay them, but may this effort serve to remind them that we are looking forward to the day when they can return to their homes and live at peace with the world with the knowledge that they have performed a task worthy to go down in our glorious history alongside the accomplishments of our forefathers.

The publishers wish to acknowledge with thanks the financial aid given in this undertaking by the advertisers herein. Without their cooperation the cost would have been prohibitive.

See them march to war! The sons and brothers, husbands and nephews, from our own homes. Their marching feet, together with the treads of tanks on the land—the prows of ships on the sea—and the wings of planes in the air—makes a pattern around the world. A pattern by which new freedom shall be cut for men and women, boys and girls everywhere to wear joyously . . . a pattern which by the same token, shall prove the facist's shroud, wherever he may lurk!

A SALUTE FROM QUANAH:

# HERE'S TO THE WORLD'S FINEST SOLDIERS

PACED BY

## Eldorado Men and Women

THE FATE OF THE WORLD hangs on the American soldier today. He faces the greatest test in the history of American fighting men. We believe he's ready for that test. We believe he's the finest soldier in history. We believe Eldorado's sons rate with the best of them. We are glad to salute him, or wish him well, and to let him know we are behind him 100 per cent . . . and this soldier of ours, this son of our neighbor, this boy of yesterday, and the man upon whom destiny turns today, deserves nothing less than 100 per cent support. He must have it—from all of us. Let's give it to him. Let's go all out for him.

## WE SALUTE ELDORADO'S MEN AND WOMEN

WHO ARE SERVING IN THE  
ARMED FORCES

The boys who are winning this war for America are the boys from home. You know who most of them are—the youngster who worked Saturdays at the drug store, the twins who went away to college, the paper boy of a few years back.

These youths, solid Americans every one, are of character and courage which make heroes. Daily, reports from the fighting front tell of incidents of valor that to us on the home front are astounding. There must be something in the American way of life that gives these boys the matchless stamina they are showing. It must be something worth fighting for—thoughts of the American family, the American homes and the Flag. Let all of us who remain at home show by our willingness to work and sacrifice that we, too, understand this great ideal for which our boys are fighting—the American way of life.

What Are The Light  
and Power Companies  
Doing To Help Win  
The War . . . ? ? ? ?

In the first place, electric-  
ity works around the clock in  
hundreds of war plants. The  
demand for electric power in  
Southwestern Oklahoma has  
vastly increased since the war  
began. No wheel has failed  
to turn for lack of electric  
power. That's our No. 1 war  
job—and it's a big one.

\* Second, electricity is still  
working in your home at pre-  
war wages—the lowest in  
history. That's our job on the

home front that means something to everyone in the fight  
against inflation and the high cost of living.

\* Then, too, we are contributing a good part of our low  
wages in taxes to help pay for the war. As a matter of fact,  
about 25c out of every dollar we receive goes to local, state  
and federal government.

\* Yes, we are in this war to the last kilowatt, 24 hours a  
day, 7 days a week, 365 days a year.

—REDDY KILOWATT.
