*Presenting the pictures of
some 800 young men and
women serving in the
United States
Armed Forces*

OCTOBER 1943

THE INDEPENDENT PUBLISHING COMPANY
WESTON, WEST VIRGINIA

Lewis County

In World War II

☆ ☆ ☆
IN THE FOLLOWING PAGES are presented the pictures of some 800 from Lewis County serving in all branches of the United States Armed Forces. They are presented in book form that it may serve as a permanent illustrated record of a cross section of this county's some 1,700 young men and women in service.

Due to the difficulties involved, the time required to prepare and publish this book, no attempt has been made to keep up with the promotions, decorations, and stations of the young men and women pictured herein. The changes have occurred so rapidly that it was an impossibility to keep them up to date.

We have endeavored to give the date of entering service, branch of service, parents and other details of each person pictured. The information is given as supplied by relatives.

This book grew out of the Independent's initial effort at a World War supplement to the weekly paper. The entire book was prepared, printed and bound in this plant. We are hopeful that it will prove of value to the many friends and relatives of the hundreds of young men and women shown. It should prove interesting to the boys—and girls—when they come back—after the war is won.
