TO ALL CARTER COUNTY MEN AND WOMEN WHO SERVED
IN THE ARMED FORCES IN WORLD WAR II:

This book dedicated to the members of the armed forces of
World War No. 2, should be a cherished possession as a
future reference. Carter County is justly proud of the
record made by their sons and daughters.

The tragic conflict which has just ended has spread its
misery to the remotest corner of the globe. Twice in the
span of a life-time Americans have been called upon to up-
hold and defend those principles on which our American
democracy was founded. May we profit by our past errors
and strive for a future world of peace and security. We
have been victorious in the war so we must be victorious in
peace.

The American Legion fought for preparedness after the last
war. We must stay prepared or face destruction in the
future. May we hold this trust that is ours, so that those
who made the supreme sacrifice did not do so in vain.

Post Commander

We have made every effort to obtain the pictures and names of all men and women in the Armed Forces from this County. We realize, however, that our goal has not been attained and we sincerely regret any exclusions of names, as well as other errors, which may have occurred.

TO THE ARMED FORCES OF CARTER COUNTY:

All Carter County Organizations and Schools have united in one common effort to assist the government and our conscientious and loyal service men and women in every possible manner toward winning a lasting peace for the world.

Every War Bond Drive, Red Cross and all other drives connected with the war effort went over in a big way. It was the finest exhibition of team work that has ever been shown. Each man, woman and child contributed until each drive went far over the quota.

Carter County Citizens realize that our boys have made a great sacrifice on the battle front, many of them having paid with their lives that the democratic principles of our nation might be preserved. Parents and friends of these boys made every possible sacrifice on the home front until final victory was won.

TO ALL WORLD WAR II SERVICE MEN AND WOMEN:

During the dark years of the war all the citizens of Carter County were united in support of the armed forces of our country. Now that peace has come and we still enjoy the blessings of liberty, we express our everlasting gratitude to the men who served and made victory possible.

Our finest men went into the service, and many gave their lives that this country and civilization might be saved from the power of the most ruthless tyrants the world has ever known. Those sacrifices were not made in vain, and the memories of those who died, as well as all other men who served, will always be cherished in the hearts and minds of a grateful people.

It is the prayer of Christian people everywhere that the nations of the world lay aside hatred and selfishness and work together so that war, with all its useless suffering and waste, will never again be known.
