“...and secure the blessings  
of liberty to ourselves  
and our posterity ...”

To secure the blessings of liberty to ourselves and our posterity was the great purpose of our Constitution. It was for this that Americans fought and died in the past. To those who have secured these blessings, we express our sincere thanks and pledge ourselves to uphold and defend these principles and traditions that were bought with a price far above human computation.

## Reaching For The Stars

. . . in the not too distant past, many of us were inclined to "reach for the Stars," and often learned through hard experience the lesson in realism.

The war just won is one of those lessons and now that we have brought it to a close, we have learned that ideals must be kept high at all cost—and all issues faced without illusion . . .

Quoting President Truman:

"In our hour of victory let us remember that it is only the preamble to peace, only the beginning of the road that will be no less difficult than the road to victory."

. . . So, in our own community, let us not reach for the stars—but together, keep our goal high for a progressive and successful future for our Parish.

. . . not only for returning Service Men and Women  
but for those of us who seek a peaceful, prosperous  
future as a nation, and as a community here at home  
. . .

A long path ahead, however, can be one of good

who served in the armed services during the war, and  
together strive for a progressive community life . . .

Such a "path ahead" is our goal—and we dedi-

*"It is rather for us to be  
here dedicated to the great  
task remaining before us"*

ABRAHAM LINCOLN

Great words spoken by a great man—  
and never were those words more significant than at this time. SERVICE MEN and WOMEN of our Parish have won freedom for us and now the task before us is to keep faith with them and uphold these traditions for which they have fought and won. This is our pledge to them and we will dedicate ourselves to this great task.
