Greetings:

We, the members of the American Legion and American Legion Auxiliary, express to you our appreciation for your help in completing the job we began twenty-five years ago, but which, through no fault of ours, we were prevented from finishing.

The American Legion and American Legion Auxiliary has done all we could to help you while you have been in the service, and we shall continue to do everything possible to assist you in readjusting yourselves to civilian life. The American Legion and Legion Auxiliary has always been ready to assist ex-service men with any problems which may arise, and we want to assure you that the officers and members of this post extend you a most cordial invitation to become a member of the American Legion and Legion Auxiliary. This organization, which has during the years been instrumental in the passage of much legislation for your benefit.

To the parents, widows, and relatives of those who lie buried in foreign soil, we want you to know that the Legion dedicates itself to upholding and maintaining the ideals for which our boys and girls gave their lives. We want to assure you also that we are behind you and stand ready to render you any assistance in handling your problems. We earnestly beseech your help in all our efforts to properly perpetuate the honor and memory of those who have paid the supreme price to make America a better place in which to live.
