Walker Portrait Unveiling at Reunion Featured
On Four Dallas/Fort Worth Television Stations

The man responsible for the portrait of General Fred L. Walker: Col. Oran C. Stovall, Bowie, Texas shown above with his granddaughter Kathryn Keese Latham who did the unveiling at the Dallas Reunion general assembly, Sat. Sept. 2, 1972.

Artist Captures True Likeness of Walker In Fabulous Oil Painting

This is the 3rd major project for the 36th that Col. Oran C. Stovall has taken on, and after six months work we have a fabulous new oil of our beloved Gen. Fred L. Walker.

Other projects were the huge T-Patch granite on the State Capital grounds, and the "From Texas to Rome" book which came out on schedule Sept. 1969, only weeks before the general passed away.

Using several photos of Gen. Walker's favorite pose, Stovall commissioned Mrs. Juanita Gleghorn of Durant, Okla., to render the finished oil portrait. This was in March 1972.

Months of preliminary sketches were made and studied, plus a poll to many T-Patchers who knew the general best for proper description as to coloring etc.

Stovall contacted the widow of Gen. Walker, his two sons, Fred L. Jr., and

Over 500 Attend Gala Reunion Dinner Dance At Royal Coach Inn, Dallas

In a random poll taken hurriedly after the reunion in Dallas, we find that the Dallas Blowout was about the best we've had in a decade. In attendance and FUN! Those two items cover the whole reason for it! Those who missed this one, really missed it.

The turn-out at the Dinner Dance which is the one function where "everybody" shows up. The crowds kept coming, and even additional tables had to be set up (this is because some failed to register earlier). All of this took alot of coordination and hard work. Our thanks to Amil and family who maned the registration table, Ken Nixon, and others. Roger Cannon, Earl Higginbotham all worked hard to see everything went according to schedule. But now, it's time to think about HOUSTON in 1973.

OFF THE PRESS and in the mails: "THE TEXAS ARMY" by Robert L. Wagner of Austin, Texas. Five years in the making and featuring a "cast of thousands"...you'll want this book. See COUPON for ordering on page 9.

REMEMBER? All those fancy rock displays that fronted the Company locations at Camp Bowie back in the early 1941s. Here is Co. A, 111th Medical Regt. (when we were a square division White paint and alot of back bending, and you had it made. Thanks to R. C. Markham, Jr., 3002 Senator Ave., Texarkana, Ark 75501 for sending in this little jewel.

Mrs. Juanita Gleghorn, who painted the portrait of General Walker is shown here with Col. Stovall moments after the unveiling.

Charles. All three were very helpful in this department.

Those who knew Gen Walker all were pleased with the true likeness that artist Gleghorn has captured.

At the reunion general session when the portrait was unveiled, this was filmed by all four television stations that cover the great Dallas/Fort Worth metroplex.

Since the reunion, the Walker painting is now in Austin, awaiting arrangement for another unveiling which will be announced this fall by Earl Higginbotham, your new president of the Association.

All T-Patchers are grateful to Stovall for his untiring work in behalf of such a worthy project as this. We salute you, Colonel!

Liz Rucker, wife of the new 143rd chief, and Robert Richie, re-elected 142nd leader pose for this one to give you an idea of the "size" of the Walker portrait.

SALERNO FOOTNOTE: 36th Infantry Division Medal of Honor Winner, Sergeant Charles E. Kelly, recalled after the feat that won him the award that he saw the bodies of 80 German officers in one building in the Italian mountain city of Altavilla, which overlooked the Salerno beaches invaded by the Texans.

It was discovered later that Altavilla was the site of a German officers' artillery school. This meant the site selected by the Allies for their Italian beachhead already had been established as a "casebook" of defensive tactics. The Texans gave the student officers and their instructors a failing grade. (James E. Farmer, Hqa. 36th

144th Has Big Turn Out During State Fair of Texas, Oct. 14th

William J. Hefner reports a big crowd of 400, representing twenty states turned out for a reunion held in a large tent erected on the fair grounds for the occasion. The 144th was part of the old "square" 36th, was relocated when we went triangle. Hef's address is: 1212 W.Drew, Fort Worth, Texas 76110. He would be glad to hear from you.

Sneden Quotes From Letter Received From Admiral Hewitt

ADM. H. KENT HEWITT

R. NEWTON SNEDEN, Roaring Brook, Rockleigh, N. J. 07647 sends in this item about Admiral H. Dent Hewitt who died in September. Adm. Hewitt was naval commander in the two invasions made by the 36th Division, Salerno and Southern France.

Newt quotes from a letter he once received from the Admiral regarding chain of command in amphibious operations, who said: "In the system, the Admiral was in supreme command until the troops were safely established ashore, whereupon the command devolved upon the General in our case (Walker and Dalhquist) and it became the Navy's job to 'support' the army as per the General's orders.

Thanks for this valuable part of our history, Newt. (We always admired the Navy in a way, they ate real good, and drank coffee out of china mugs instead of canteen cups).

Dallas Morning News Sunday, Sept 3, 1972

Dolph Briscoe, Democratic gubernatorial candidate for Governor of Texas points to T-Patch on shirt of young daughter of Col. Charles Wilson (141st) of Fort Worth. Photo was made after Briscoe's address at the general assembly, Dallas Reunion, Royal Coach Motor Hotel, Sept. 2nd.

"What You Have Always Wanted To Know About REUNIONS, But Were Afraid To Ask"

The 1972 Dallas Reunion, our 47th, will have to be recorded as one of the best...the turnout was the biggest in years! We will attempt to give a blow-by-blow account:

Thurs. Aug. 31: Early birds arrive from all-over. Mostly the V/P's in charge of CP's. Reason: it takes a little doin' to set up one of these for business. President Roger and Ruby Cannon were there when we arrived at noon, in the "Queen's Suite" with a wagon load of boxes, cartons etc. (Here is where we need a good quartermaster)

Zeb Sunday arrived with enough cases to open a branch liquor store (of course the 143rd is thirsty Then ole Robert Richie and wife arrive even the night before, driving in from Pensacola, Florida. The 141st headed by Tex Higginbotham brought in 3 carloads of artifacts, and were the first to open for business

Note: The early-birds that arrive on Thursday have a decided edge on the rest of us. They get out their maps and chart a plan of operation that the late comers can't understand. In fact, it is highly recommended, that if you really want to "get with it"... be an early bird, and show up on Thursday.

Earl Higginbotham, our new president promises that "special" facilities will be available to ALL who arrive a "day" early...so write that on your cuff, and plan to be in HOUSTON next Labor day week end...a little early, arrive on thursday.

Friday Sept. 1st: Registration opened at 9AM and did a land-office business til 5 PM. All CP's were off-and-running all day, but the big event was "Social Hour" in the ballroom with all the beer you could drink. This is one of the true events where you get to "see everybody". By 10:30 the troops had then moved on to the CP's and other watering holes

Sat. Sept. 2nd: The general session started at 1:00 PM with a large attendance. Guest speaker, Dolph Brisco, democratic gubernatorial candidate did about 25 minutes, recognized all our statistics, then highlighted the problems that confront the State of Texas. He was introduced by Gen. Carl Phinney, Dallas.

The unveiling of the portrait of General Walker was a treat for all (see story elsewhere), a true likeness of our beloved leader. This project was the work of Col. Stovall who handled it from start to finish. (Our thanks, Col).

Maj. Gen. Ross Ayres told of the "Honorary" memberships now available for out-of-state T-Patchers (see story in this issue). Upon adjournment at 3:45, most everyone attended their own CP for more visitation and laughs.

The unit CP's are always the highlite of the reunion. (note to you guys who have never attended a reunion)...you are never a stranger in your own unit cp's

A fabulous steak dinner and all trimming was served at 7PM, and it was

Famous singer and great entertainer (and Sausage King) JIMMY DEAN, just happened to be in The Royal Coach Inn same time as the Reunion. He was quickly captured by the T-Patchers, and is shown here with Eloise Sunday (at the 143rd C.P.) Time did not permit Jimmy to attend the big dance. Maybe next time.

Col. Clifford Snow having a ball with the wild-one, Billie Jary, who they say rode her own motorcycle from Fort Worth to the Dallas Reunion.

Lois Snow shown here with Armand G. Jones, "The Spaghetti King", who had to sit this one out. Armand's unfortunate accident last winter had him on crutches. He's the new Artillery V/P but will be dancing at the Houston Bash.

wall-to-wall with 500 plus sitting at tables for 8 (not banquet style). Door prizes and limited speeches followed the dinner. And speaking of door prizes. There must have been 40 winners, a real bonanza this time for the troops. Buddy Sinclair donated at least 2 dozen beautifully wrapped packages of spirits, compliments of area liquor dealer. Thanks Buddy.

A great group of musicians who played boogie, Bach, rock and western keep the large dance floor swinging until 1:00. The hail and hearty returned to their CP's and who was the last one to close up shop (we don't know) but we recall hearing the "break" of day.

E. Paul Mansell, the coaxial-cable tycoon from O'Donnell, Texas won the title for his 'closing' the TOP OF THE CASTLE (night club) three nights in a row. He was awarded a years supply of Alka-Seltzer.

Sunday, Sept 3rd: Memorial services with a coffee, at 10:00 AM concluded the official reunion activities, but many lingered on to enjoy the other events available in Dallas.

Footnote: A good time to start planning next years HOUSTON REUNION (our 30th Anniversary of Salerno Landing) in NOW. Start saving a dallar a day, and you'll have over \$300 by Aug. 31, 1973.

Top right: Earl Higginbotham presents plaques to WWI 36thers. Roger Cannon and Bob Richie witness the event, a highlight of the general meeting.

Earl 'Tex' Higginbotham, New Grand Marshall Starts Big Round-Up of Drop-Outs And Strays

Membership Drive Underway With Higg., Zeb & Amil

The two characters shown below, Dudley Dropout and Sammy Stray have been causing us alot of trouble.

These critters have got to be rounded-up and "branded" with a redhot T-Patch brand (\$3.00).

The BIG DRIVE is on, and your officers and directors are working with AMIL on a list of delinquent members he has passed on to all . . . so its go-get-these-Mavericks.

There's a BIG REWARD for their capture. All you have to do is: send in name of former 36th Division man that you may know, who has not joined up...and the trigger-boys will go after him with an 8 cent stamp, and maybe more.

We'll send him alot of info, a copy of a recent issue of the T-Patch and get down on our knees to get that varmint to join. He really does not know what he is missing. So get out your phone book, and check listings of some T-Patchers in your town. Send in the names to:

AMIL KOHUTEK, 2404 Lincoln Ct., Irving, Texas 75061. And mucho oblige., from "Tex" Higginbotham.

ZEB 'The Hat' SUNDAY, that jet-propelled go-getter from Pasadena, Texas is shown here in his 143rd CP at the Dallas bash. Zeb brought a pickup truck ful of goodies for the troops. His CP was wall-to-wall troops for three big days. Shown at right is one of the beautiful aluminum trays that were presented to all the WW1 36thers.

Zeb is your new Executive-Vice President and promises big-diggin's for the 1973 Houston Reunion.

T-PATCH OVERSEAS FILE: Here's old photo of Lt. Col. William O. Green receiving Legion of Merit from Maj. Gen. John E. Dahlquist, for exceptionally meritorious conduct in the performance of outstanding services. Col. Green, now of Houston, was CO of 736th Ordnance. (Germany 1945).

Top photo is a rare shot of our two new leaders: On left is Grand Marshal, Tex Higginbotham and Chief Deputy Zeb Sunday. Both are dedicated "Texas Rangers" who are out to 'round-up' all the 36th dropouts and T-Patcher Strays. Lower photo shows the other vice-presidents who are sworn to support the cause of their leader. CHARGE! The tall one on left is none other than ole Amil himself.

SCRAPBOOK: Here's that devoted 36th Division A.P.O., taken at Vairano, Italy, January 1944. This dozen mailmen keep the Morale 'up' with their letters and packages from home. The tall one on the right is Capt. Harold Johnson, postal officer. Thanks to Floyd Yockey, 6960 Kenwood Ave., Dallas, Tx 75214 for sending in this one. A great bunch of guys.

Payne Rucker New V/P of 143rd Inf.

You "guys" really surprised me at our Reunion here in Dallas, by voting me as your leader of the 143rd for the ensuing year. The friends that I have from the 36th Division are more like a family and it would be disappointing to me if I had to miss even one of the great Reunions.

I became a member of this great organization when I joined the TNG unit in Temple, Texas, in 1940 when 18 years of age, and since that time and after my discharge in June of 1945 have many, many friends whom I consider as brothers and also sisters.

Many of the men had wives that followed along with us until we left for overseas and these are also close as they also shared in the many discomforts shared in the travelling around with the army and have been to all of the Reunions since that time. Many of the "T-Patchers" sit and wonder what has happened to an old friend from the 36th Division since the war years, but feels that he cannot afford to come to a Reunion, or may not have the time. If this person would just attend one Reunion, he would never miss another one.

I have two letters this past year from an old buddy that had not heard from me or seen me since we left Europe. He saw a picture of me in one of the "T-Patchers" and immediately wrote to me. I certainly hope that he saves his pennies this next year and can find his way from New Jersey to Texas next September. Here in my area I am lucky to have so many of the fellows residing within 100 miles.

VICE PRESIDENT OF THE 143RD

Since the 36th Division is so much a part of my very being, I will certainly serve the 143rd to the best of my ability this coming year and hope to see a number of "new-comers" in the 143rd "C P" in Houston, next year.

Payne V. Rucker

P.S. Some of you fellows may not recognize my photo.... The blonde curly hair is missing.

Mrs. Hazel Sparkman, widow of Fred H. Sparkman, WWI T-Patcher of Supply Co., 142nd saw an item in the Itasca paper about wanting "artifacts" on the 36th. Says she has paybook, pictures, gasmask, helmet etc. All of these are welcome, and our historical committee will take it from here and see they end up at Camp Mabry Trophy Room. Mrs. Sparkman's address is: 2708 Reuter Ave., Waco, Texas 76708.

36th DIVISION LOSES A GREAT FRIEND:

Wick Fowler Donates 400 Recordings of Famous 1945 Radio Broadcast With General Walker

WICK FOWLER at the head table, Dallas Reunio meeting. This is probably his last photo. He returned to his home in Austin Sept. 3rd, was shortly hospitalized and died on Wed. Sept. 27th of amyotrophic lateral sclerosis (same lethal disease that claimed life of baseball's Lou Gehrig).

HARRISON J. FULLER (second from left) who did time with Co. D, 142nd sends in this one of his crew who handled displaced persons at Bad Warshafun (near Stuttgart). On left is Polish interpreter, a 2nd Lt. from Grosse Point, Mich., and a German speaking interpreter. Fuller attended the 1969 reunion in Fort Worth while enroute to the West Coast. Gets his mail at: 42584 Hammill, Plymouth, Mich. 48170.

1973 REUNION TO BE HELD IN HOUSTON

ROBERT L. WAGNER, author of "The Texas Army" new book on the 36th in Italy reports he has over 200 pre-publication orders, and sends his thanks to all T-Patchers. We wish him ever succes (after 5 years of editing and writing, he deserves it).

Fortunate indeed was the 36th Division. We were, as far as we can find out...The ONLY combat division in the entire ETO, Pacific or what have you, that had a war correspondent assigned exclusively to cover the men of that particular unit. Intensive research has proved none other.

WICK FOWLER, was such a man. He was sent to cover the T-Patchers for the Dallas Morning News. They, in turn released his column to other Texas newspapers.

He filed hundreds of daily stories about these Texas warriors.

His devotion to the men of the 36th is legend. He joined the TNG 36th in 1927, served for six years. Made practically every reunion the past 27 years and gave generously of his time and money to the 36th. No one knows how much he really gave as he did this for many, but we know, his heart was always with the men of the T-Patch.

Wick Fowler was known by cabbages and kings...he was a great American, and a booster of the 36th. Yes, we have lost a great friend.

The Texas

A HISTORY OF THE 36th INFANTRY DIVISION IN THE ITALIAN CAMPAIGN

The Texas Army contains over 300 pages including photos and maps beginning with the landings of the 36th at Salerno on September 9, 1943. It continues with the capture of San Pietro in December 1943 and the Rapido River disaster the following month. One entire chapter is devoted to the successful planning and execution of the attack against Velletri by General Fred L. Walker, leader of The Texas Army, which enabled General Clark to enter Rome in June of '44.

Five years in preparation, *The Texas Army* traces not only the combat presence of the 36th Infantry Division in the Italian Campaign but also describes and unravels the reasons for the misuse of The Texas Army at the Rapido River crossing in January 1944 by Fifth Army Commander, General Mark W. Clark.

Much material, never before published, on the post-war Congressional investigation into the Rapido River fiasco and the attempt by the War Department and General Clark to muzzle General Walker is included.

LADIES AUXILIARY

I want to give thanks to the Ladies of the 36th Division Auxiliary for their help and corporation. Each one worked very hard. The elected officers were just wonderful to perform their duties so well.

I know that I can speak for the Ladies as well as myself to thank each and every individual and group who contributed in any way to the success of this Convention.

Our thanks to the City of Dallas for their corporation in making our visit enjoyable and especially to our T-Patcher for such complete coverage of the convention.

Let us also express our thanks to all of our visitors for honoring us with their presence. MARY SIMONS,

Immediate Past President,
Ladies Auxiliary, 35th Div. Assn.

As fate would have it, movie star DANA ANDREWS was appearing in play at Inn of Six Flag during late August. Since he was the star of the famous movie, "Walk In The Sun", it was only appropriate that he attend the Dallas reunion (only a few miles away as the crow flies).

This reporter had contacted sir Andrews with an invitation to meet all the guys he had portrayed in the 1952 film classic. Due to the fact that his show at the dinner theatre had been such a success, a special matinee was scheduled for the Saturday afternoon which he had been invited (Sept 2), therefore, he called to express his regrets.

He was asked if his "Walk In The Sun" was a big hit. He said it was one of his best. He made some 50 movies, most famous of course was "Laura". The film was retitled "Salerno Beachhead" (see above) and had many re-runs. He admitted that it had been a tremendous success, and had been shown on thousands of late movies, which all proves that the ole 36th was exposed to millions of viewers.

Thanks, Dana Andrews, we hope someday we can meet again, in the flesh.

IT'S MUSIC WITH CHOW for a 36th (Texas) Division Infantry company on the 7th Army front in Germany.

Three T-Patchers On Executive Committee Of Proposed National Infantry Museum

Ex-141st Man Chmn. of Chicago-Illinois

Thomas A. Lewis (right) of Co. L, 141st is shown here presenting the original "walkie-talkie" and Original Bill Mauldin cartoon to Gov. Winthrop Rockefeller and Maj. Gen. Orwin Talbot, CO Commanding General of the Fort Benning Infantry Center. Photo made May 1972 at Benning.

Col. GEORGE LYNCH (now a general) WWII boss of 142nd is donating his copy of "Rotate Review" to the Archives of the Texas Library (where the other stuff is). We have photostat copy of this 16 pager printed in Germany...a fine history.

The 36th Division is quite active in the National Infantry Museum scheduled for construction at Fort Benning, Ga. Tom A. Lewis (Co. L, 141st) is chairman of the Chicago and Illinois Executive Committee with a mere \$ 1/2 million to raise.

Other T-Patchers on the big board are: Col. Gil Russi and General W. H. Wilbur.

At the Dallas Reunion a display and presentation of the proposed multi-million dollar infantry museum was presented by the Dallas campaign office, headed by John W. Dixon. Special prizes for those who signed up were raffled off at the reunion dinner.

This great project will be of interest to all who served in the infantry. The present facility at Benning is outmoded and inadequate, was opened in 1959 and consists of two small, converted barracks, is neither fire-resistant nor weatherproof.

The proposed new building as shown here will have more than 12,000 artifacts and 200,000 books, documents, exhibits and dioramas that show weapons, insignia, uniforms and other tools used by the infantry since colonial days.

All T-Patchers that want to contribute, should write for complete information, booklets etc to: NATIONAL INFANTRY MUSEUM DEVELOPMENT PROGRAM* P.O. Box 2506, Columbus, Ga. 31902.

In the mid west, write to your ole T-Patcher, Tom Lewis, Natl Museum Assn. 332 S. Michigan Ave., Chicago, Ill. 60604, and in Texas, write to: Box 6030, Dallas, Texas 75222...and be sure and mention that you served with the "Fightin' 36th".

Here's a view of the scale model of the proposed National Infantry Museum. The structure will have 71,000 sq. ft. of space with exhibits that will illustrate how the INFANTRYMAN used his ingenuity and resources to build and defend our nation, since colonial days. Also included is a 600 seat theatre and huge library.

Sustaining & Memorial Fund In High Gear; Doner To Receive Beautiful Certificate For Framing

Probably the most important item on the agenda (besides membership dues) is our SUSTAINING & MEMORIAL FUND. Here is a project, initiated last year in November by Ken Nixon who made the first contribution on Nov. 8, 1971.

Being a new concept to raise funds, it naturally got off to a slow start. But now, it's different. By reunion time we had crossed the \$1,000 mark, and this has been salted away in a C.D.

The introduction of the "CLUB 36" application (as shown here) did quire well at the reunion, thought it was not pushed...twelve of these were purchased at the reunion \$36.00 each. Some were in "Memory of" others just members of "Club 36"...a magic number.

As we go to press, we have \$1,527.60 in this fund. This is good. But we need twice, or three times that to see that we can stay in business for the years to come. Our \$3.00 dues is hardly more than a token (unless we had 3,000 members, which we do not). There are many T-Patchers who can help, and now that we have a vehicle to do it, we solicit your contribution.

There are 2 ways you can help. ONE: Send in your Pledge for \$36.00, with check for \$6.00 pay balance in 3 \$10 payments between now and Aug. 31, 1973. Or, 4 payments of \$9.00 ea.

TWO: Contribute \$36.00 in "The Memory Of"...a buddy, brother, husband, son, etc. You will receive a beautiful

certificate with names lettered on it suitable for framing.

The SUSTAINING & MEMORIAL FUND is the only way we can be sure to carry on our association that has survived for the past 27 years (generally by hook or crook). This plan is "insurance" money that we can survive. GIVE IT SOME THOUGHT. It really makes alot of sense. We know that all T-Patchers who feel like we do will support this project. To date, only 74 individuals have sent in their contributions.

Tear out the blank shown here, write that check and send it to: EARL A. HIGGINBOTHAM, P.O. Box 91, Burnet, Texas 78611.

It will be acknowledged...and appreciated.

We're looking for news items and photographs. Send it in, and we'll see you get your pictures back. Write: T-Patcher, P.O. Box 1816, Fort Worth, Texas 76101.

NOTE: Since the Sustaining Fund is kept in a separate bank from the general fund . . . please make out your check to read:

36th Div. Assn. Sustaining Fund
It will be dispatched to Col. Oran Stovall, Bowie, Texas who is custodian of this special account.

. . . DO IT NOW
